

Walter of

Dec 14th 1918.

My dear Helen:-

It has seemed strange
not to hear from you as usual
this week. Nothing since you came
within Tues'. - Of course you are
busy preparing for exams, and
I do hope you will find you are
ready for them - and that they will
be over by early Fri. any way.
tho I suppose you can't get here
until on Sat - am I right?

Dad had a note last night
that you and B. had both over-
drawn your bank acc'ts. Love

\$27.60 - and B's \$7.95 - He just
said he meant to have gone, to
the Bank today - I assume it
out - that you haven't had both
or either check returned as things
that you have had an approval
If you haven't had a return, write
for it - please.

Aunty, Ollie came Thurs night
and as she isn't over her cold, we
have stayed in all the time - at
least she has - and we have such
good visits - but she must go back
Thurs or Fri at the latest she says as
she has some duties at home
Ollie - & she must go to Stuart's unless
it is necessary. The arrival there is
expected the 28th of this mo, Celesta
in a year old baby 3rd!

We had a large Ant meeting on

Thurs - and Miss \$12 for the supper
and they are now soliciting \$1.00 for each
lady - instead of giving a supper.

Mrs. has been putting in some
good days helping out at the barn -
& clearing up the quantities of
rubbish about the yard - & that
tonight it really looks much better.

Olga & Dorcas & Lieut Emmett
have been anxious that he should go
with them - driving tonight,
but the snow has gone - so I don't
know what they will do. Lieut Emmett
called up this P. M. - Dorcas must
go to the pictures with him Wed night.

Amos usually goes with Mrs. and
then comes up here with the mail -

Mrs. says, that's all Amos goes.
Green & have a dearth of news
to write - you - tonight - I mean

there isn't any more.

I am knitting another
sweater (Red Cross) -

I am - well. I don't know what
Dad and Aunty Belle are
talking, & MBS is waiting
for supper - after a bath.

Blanche is hoping Sedges
will come for Xmas. But he
hasn't his discharge yet. -

How do mine - I have given
Aunty Belle your message,
& more than likely she will go that way.
Give my love to the girls.

Be good to yourself.

With love & lots of love
Ever yours.

Now & when ever } Mother
you entertain a guest, } Please answer
questions.
